

Have you removed this clip from the bottom of the chair?

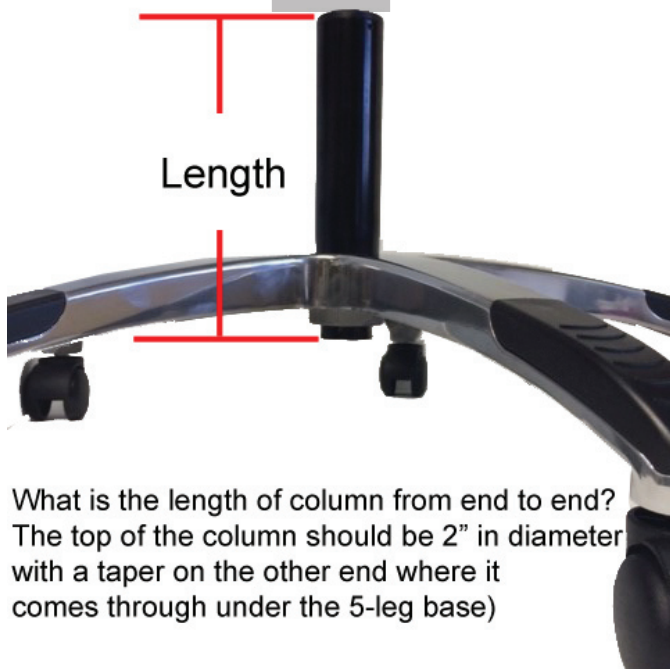

Yes, you've removed the clip

## Replacing your gas cylinder is as easy as...1...2...3...

1  
Length of the 1" diameter piston?  
(just the length of the 1" portion, not including the small protruding rod)

2  
Length of the 2" diameter tube (stand pipe)  
This part is commonly still stuck in the 5-star base.

What is the length of column from end to end?  
The top of the column should be 2" in diameter  
with a taper on the other end where it  
comes through under the 5-leg base)

3  
Length of this tube's bottom taper  
(it may be partially seated in the base,  
an estimate is acceptable)

The arrows indicate the  
"Bottom Taper". Lengths vary.  
Typical lengths are .4", 1" or 1.6"

No, you have not removed the clip
